21st March 2000To whom it may concern

Movimondo-Molisy is presently undertaking a number of projects on behalf of the UK Department for International Development's Humanitarian Assistance Office in Tirana.

The value of these projects is approximately \$395300 and they are related to the rehabilitation of medical facilities and the procurement and installation of medical and environmental health equipment.

With regard to the rehabilitation work, Movimondo-Molisy have produced tender documents, offered the work in open competition, evaluated returned tenders and awarded the contracts to local contractors. They are supervising the contractors and ensuring that the projects are progressing on time and within budget. Where Movimondo-Molisy have procured equipment, this has been done by quotation and sourced both nationally and from other countries. DFID Tirana is satisfied with the performance of Movimondo-Molisy and would be pleased to work with them again.

Yours sincerely

Tony Conlay
Head of DFID Humanitarian Assistance Office
